Home Letter

Dear **Bharanidharan B**,

Congratulations on your new assignment. In this assignment letter (the "**Home Letter**"), we are pleased to confirm your assignment from **Cognizant Technology Solutions India Private Limited** ("**CTS Home**") to **Cognizant Technology Solutions Canada Inc.** ("**CTS Host**") during which time (the "**Assignment**") you will be working in **Canada** (the "**Host Country**"). For the purposes of this Home Letter, **India** will be the "**Home Country**".

The commencement date of this Assignment will be on **07 July 2025** for a period of up to 3 years unless terminated earlier or extended in writing by CTS Host.

Employment Relationship

During the Assignment, CTS Host will legally employ you and you will be provided with an employment agreement containing related terms of your Assignment in a letter from CTS Host (the "**Assignment Letter**"). During the Assignment you shall carry out such duties and perform such day-to-day tasks, as instructed by CTS Host. Your assignment manager will exercise day-to-day rights of control and supervision according to the needs of business and the good execution of your services during the Assignment. In this regard (but subject to the terms of this Home Letter), it is expressly agreed that CTS Home shall release you from all obligations and responsibilities to provide your services and carry out work in the Home Country.

During the Assignment, unless expressly authorized to do so, you shall have no right or authority to negotiate or conclude any contract or incur any obligation or liability which shall be binding upon CTS Home, CTS Host, or any of its or their other affiliates including direct subsidiaries or branches (together the "**Cognizant Group**").

Other than in relation to CTS Home's right to require you to carry out services for it, the terms of your employment agreement with CTS Home and any applicable policies (both as amended from time to time) (together being the "**Employment Conditions**") will remain in place (including, without limitation, any obligations of confidentiality that you may owe as well as the prohibition on performing outside activities), except as amended by this Home Letter. Changes to your Employment Conditions which take place during the Assignment, if any, will be notified to you in writing by CTS Home.

During the period of your Assignment, you will continue to be bound by the Cognizant Group's Core Values and Code of Ethics, Insider Trading and Disclosure policy, Acceptable Use Policy, Anti-Corruption and Bribery Policy, Associate Privacy Notice, and any other Cognizant Group policies that are expressed to have global effect.

Termination and Variation of Assignment

This Assignment can terminate in five ways:

1. if your Host contract is entered into for a definite period: automatically on the Assignment End Date unless an extension is expressly agreed to in writing with you. In such case, CTS Home may, at its discretion, transfer you back to CTS Home's payroll and require you to return to the Home Country (or such other CTS location as may be instructed to you) immediately;
2. by you or CTS Host terminating the Host contract in accordance with applicable law;
3. by your giving notice of termination of your Host contract with CTS Host and your employment agreement with CTS Home. Under such circumstances, in consultation with CTS Home, you will abide by the notice period mentioned in the employment agreement you have with CTS Host. Should your Host contract end earlier than your employment agreement with CTS Home, CTS Home may, at its discretion, transfer you back to CTS Home's payroll and require you to return to the Home Country (or such other CTS location as may be instructed to you) immediately;
4. with immediate effect by CTS Host and CTS Home if it is believed that you have breached any term of your Home Letter or employment agreements or committed any act of misconduct; and/or
5. upon localization of your employment as per the India Assignee Employment Localization Policy, which will end legal employment with CTS Home while continuing legal employment with CTS Host.

On termination of your Assignment as mentioned under points 1, 2, and/or 3 above, you will continue to be employed by CTS Home on the terms of your employment agreement with CTS Home.

On the termination of the Assignment and, if applicable, the Host contract, the terms of this Home Letter will no longer apply.

CTS Home Assignment Compensation and Benefits

During the Assignment, the compensation and benefits you receive from CTS Home will be suspended. **Annexure 1** provides you with further details on this matter.

Data Protection

CTS Host will handle all personal data that it processes about you according to applicable data privacy legislation, and to Cognizant's Global Privacy Policy. Further information on this processing, including the personal information that Cognizant will process, the purposes why Cognizant processes that personal information, and the rights you can exercise over Cognizant's use of your personal information, are provided in Cognizant's Associate Privacy Notice ("APN"), which may be updated from time to time and complemented by further documents on specific topics. The current version of the APN can be found at <https://www.cognizant.com/about-cognizant-resources/global-associate-privacy-notice.pdf>.

You must comply with Cognizant's data protection and information security policies, each as updated from time to time. In addition, if deployed on a customer account, you must comply with all applicable customer data protection and information security policies made available to you during the deployment.

You must only access and process personal information relating to Cognizant staff, customers, suppliers and other third parties as necessary for the performance of your role and strictly in accordance with applicable data protection laws. In addition, you must always protect the confidentiality of that personal information in accordance with the confidentiality provisions of your employment contract and, for this purpose, such personal information will be deemed Cognizant's "Confidential Information" as referred to in your employment contract.

Miscellaneous

Each party acknowledges and agrees with the other party that this Home Letter constitutes the entire agreement and understanding between you and CTS Home on its subject matter and supersedes any previous arrangement, understanding or agreement (whether in writing or not) between you and CTS Home relating to its subject matter. If, during your Assignment, there is any conflict between the terms of this Home Letter and the terms of your contract of employment with CTS Home, the terms of this Home Letter will prevail.

The terms of this Home Letter are subject to Home Country law.

All the terms in this Home Letter reflect current policies and practices which may be amended from time to time.

If you have any questions regarding the Assignment, either now, or during the term of the Assignment, please feel free to contact your HR Business Partner, either in the Home or Host Country.

Please countersign this Home Letter to confirm your agreement with its terms. You should retain one copy for your records and return the countersigned copy.

Yours Sincerely,

D Mohan Raj

AVP- Human Resources

Cognizant Technology Solutions India Private Limited

I confirm that I understand and agree with the terms of this Home Letter and Annexure 1 attached hereto.

Annexure 1

CTS Home Assignment Compensation and Benefits

CTS Home Payroll

Your CTS Home payroll will be suspended, and all compensation will be delivered by CTS Host in accordance with the Assignment Letter. Upon termination of the Assignment, Home Country payroll will resume when you return to the Home Country or at the discretion of CTS Home.

Bonus

Any bonus or incentive that you are eligible for from CTS Home will be dealt with in line with the applicable CTS Home policy and will be pro-rated in any calendar year according to the length of time you have been solely engaged by CTS Home and not subject to any assignment arrangement (including the Assignment) in that year.

During the Assignment, you are not eligible to receive a bonus or incentive based on your employment with CTS Home. Please refer to the Assignment Letter for more information on eligibility for a bonus or incentive by CTS Host.

Leaves

Please refer to the CTS Home Leave Policy for more details.

Social Security

Contributions to the Home Country social security and pensions, if any, will be suspended for the duration of the Assignment.

Travel Advance

Kindly refer to Be.Cognizant for details on the Travel Advance amount and recovery instalments, located at [Global Mobility page](#)

Medical Insurance

Enrolment into CTS Home medical insurance plan will be governed by CTS Home Medical Insurance Policy, applicable to assignees in GGM countries / North America. Please refer to the CTS Home Medical Insurance Policy for Onsite assignees (in GGM countries / North America) for more details. Management reserves the right to suspend / amend policy coverage terms and conditions from time to time to with / without prior intimation.

Gratuity

Your assignment period will be considered for gratuity calculations and will be subject to the CTS Home Gratuity Policy. Gratuity will be calculated based on last drawn CTS Home Basic salary prior to Assignment period.

Please refer to the CTS Home Gratuity Policy for more details.

Tax Filing

You will be responsible for complying with Home Country tax rules and filing appropriate tax returns in the Home Country.

Assignment Letter/Canada/Exempt

Bharanidharan B

283806

18 Jun 2025

Assignment Letter

Dear **Bharanidharan B**,

Congratulations on your new assignment. As set out in the Home Letter issued by Cognizant Technology Solutions India Private Limited ("**CTS Home**"), you have been assigned to Cognizant Technology Solutions Canada Inc. ("**CTS Host**") during which time (the "**Assignment**") you will be working in **Canada** (the "**Host Country**"). For the purposes of this letter (the "**Assignment Letter**"), **India** will be the "**Home Country**".

The commencement date of this Assignment will be on **07 July 2025** for a period of up to 3 years unless terminated earlier or extended in writing by CTS Host.

This Assignment Letter will be valid until your last working day with CTS Host, subject to this offer being revoked by the Cognizant entity with which you are currently employed. Your assignment will be governed by the terms and conditions of employment presented in this Assignment Letter and the Company's Non-Disclosure and Invention Assignment Agreement ("NDA"). You are required to digitally sign these documents prior to your departure for this offer of employment to take effect.

Conditions

Your Assignment is conditional upon:

- timely local regulatory permission (appropriate work visa) being obtained for you to work in the Host Country (if applicable); and
- your prompt compliance with requests (including the provision of information and documents) made by CTS Host, in relation to local requirements, for example relating to tax and immigration.

Employment Relationship

During the Assignment, you will be employed by CTS Host. Applicable law requires that as a condition of employment in Canada, all associates must be authorized to work in Canada. Cognizant, at its sole discretion and in good faith, will prepare and submit petitions and applications with Citizenship and Immigration Canada and other appropriate governmental authorities as required under applicable law, to obtain Canadian employment authorization for you.

Issuance of a work permit or employment authorization, or extensions, is not guaranteed. Being sponsored for a visa by Cognizant does not create an employment agreement or contract, nor does it create a guarantee of employment for any particular term or period of time. Cognizant's preparation and filing of such petitions and applications is not intended to create, nor shall it create, an employment contract or agreement or guarantee of employment.

During the Assignment, you shall carry out such duties and perform such day-to-day tasks, as instructed by CTS Host. Your assignment manager will exercise day-to-day rights of control and supervision according to the needs of business and the good execution of your services during the Assignment. In this regard (but subject to the terms of this Assignment Letter), it is expressly agreed that CTS Home shall release you from all obligations and responsibilities to provide your services and carry out work in the Home Country.

During the Assignment, unless expressly authorized to do so, you shall have no right or authority to negotiate or conclude any contract or incur any obligation or liability which shall be binding upon CTS Home, CTS Host or any of its or their other affiliates including direct subsidiaries or branches (together the "Cognizant Group").

Position

Upon commencement of your Assignment with CTS Host, you will be a regular full-time associate (no probation period). Your general job duties and responsibilities will be comparable to similarly situated associates of Cognizant. Cognizant reserves the right to make any changes or modifications in the future that it believes is in the best interest of the Company's business goals and needs. In addition, for certain project-based roles, the Company cannot guarantee location or duration of available projects and you may be required to relocate or travel for future assignments, as necessitated by business.

Your period of employment with CTS Host will be treated as a break in service from your employment with any other Cognizant entity for the

purposes of any applicable Canadian employment standards legislation (the "ESA") in relation to potential separation entitlements.

Compliance with Cognizant Policies

You are required to comply with all the policies applicable to employees of CTS Host, as communicated to the associates of the Company from time to time. These policies are also available on the Company intranet Be.Cognizant and Canada Associate Handbook on [Canada \(sharepoint.com\)](#) site. You are requested to visit the site at frequent intervals to get all updates/changes. By signing this Assignment Letter, you are consenting that you will visit the intranet site and get familiar with the Company policies. The Company reserves the right to interpret, change, suspend or terminate any of its benefits, policy plans or programs in accordance with its needs from time to time. Also note, unilateral adjustment of the provisions in the employment agreement and of the declared applicable regulations will be possible for the Company if circumstances change, provided that this possibility will be used within reason. As a CTS Host associate, you are expected to comply and adhere to other applicable policies, laws and contractual terms, including but not limited to compliance with the NDA, rules against discrimination and unlawful harassment, conflicts of interest, and/or violation of any applicable laws in the course of performing your job duties and responsibilities, in addition to those contained in the Code of Business Conduct and Ethics and the Canada Associate Handbook.

Work Permit & Transfers

Your employment in the Host Country is always, subject to and conditional upon obtaining the necessary immigration work permit or any extensions thereof. If your work permit expires or is not renewed, your employment with the Company will no longer be legally permissible and as such, you will be repatriated to your Home Country. Such an event will constitute a frustration of your employment with CTS Host and no notice or pay in lieu of notice, severance pay, benefit continuation or other compensation shall be provided to you in those circumstances.

You may, at any time during your employment with Cognizant, be transferred to other locations within or outside the Host Country, including being repatriated to your Home Country at Cognizant's sole discretion for business necessity. The Company will comply with necessary immigration and relevant tax regulations with respect to any such relocation. You understand that a condition of your repatriation to your Home Country or another location will be that your employment with CTS Host ends.

This provision shall remain in full force and effect un-amended, notwithstanding any other alterations to your terms and conditions of employment or to this Agreement, whether fundamental or otherwise, unless you and Cognizant otherwise agree in writing.

Due to the possible requirement for you to work at various locations across Canada, we have requested the border official to remove the condition from your work permit which typically states, "Not authorized to work at any location other than stated." If this condition appears on your work permit, please kindly ask the Officer to remove it.

Work Location Compliance

For payroll, immigration, and other compliances, ensure that your physical work and project locations in both HCM and ESA are current and mirror one another.

Associates on a Cognizant-sponsored work permit are only allowed to work from the location mentioned in their work permit. Failure to abide by this requirement can result in immediate separation from employment as well as removal and/or future debarment from Canada.

If there is a business need which requires domestic relocation, your assignment manager must first obtain approvals from [Canada Global Mobility](#) and [AmendmentCanada](#) prior to initiating the relocation process. Physical movement can only occur after this process is complete. For assistance with business approved relocation/location updates/travel cancellation/postponement, please contact [GlobalMobility Operations & GMTTravelsupport](#) team.

Requirement for Associates on a Cognizant Sponsored Closed Work Permit

As we evolve into a new era of work, a hybrid work environment will define our future at Cognizant. While we remain committed to promoting flexibility in the workplace, ensuring that we remain compliant with local requirements is a key tenet of our operating philosophy.

The Canadian government requires that anyone holding a "Closed Work Permit" must work from the location listed on the work permit application to show that there is a genuine need and business rationale for the foreign worker to be physically present in Canada. This includes reporting to a physical worksite. As such, it is important that Cognizant maintains and enforces office reporting requirements as supporting proof of representations made to secure current and future Closed Work Permits.

To reiterate, associates on a Cognizant-sponsored work permit (Closed Work Permit) are only allowed to work from the location mentioned in their work permit. The location in the application will either be one of Cognizant's delivery centres or the client office you provided to Global Mobility during case preparation.

To remain compliant, Associates on Closed Work Permit are required to physically work minimum one (1) day in every two workweeks from their designated Cognizant office or client office (as mandated by the client) as per the location mentioned in your work permit.

Failure to abide by this requirement can result in immediate separation from employment as well as removal and/or future debarment from Canada.

For **work permit and work location** related questions, you may reach out to the Global Mobility team at [CanadaGM](#) and your assignment manager.

Temporary International Work

Associates cannot choose to work from a country different from their country of payroll, regardless of the duration, without prior approval from Cognizant. Associates who work outside of their country of payroll without obtaining proper pre-approval will be subject to disciplinary action including separation from employment. The approval process that must be followed is in Appendix A of the [Global Work Model Policy.pdf](#)

Also, refer the International Remote Work and Relocation Requests sections for additional details.

Termination and Variation of Assignment

Termination of Employment

Your employment with the Company may be terminated as follows:

(a) The Company may terminate your employment upon providing you with the minimum entitlements required under employment standards legislation.

(b) You may resign from your employment at any time and for any reason upon providing the Company with two (2) weeks of notice in writing of your resignation, which notice may be waived by the Company in whole or in part at its sole discretion, save as may be required under employment standards legislation.

It is agreed and understood that the provision of the above entitlements will constitute full and final satisfaction of any claim which you might have arising from or relating to the termination of your employment, whether such claim arises under statute, contract, common law or otherwise, save any claim that cannot be released by operation of statute. Only CTS Host tenure will count towards any potential entitlements.

Transfer Acknowledgement

If you accept this Assignment letter and the conditions of this letter are satisfied, this letter and the Non-Disclosure, Non-Solicitation and Invention Assignment Agreement ("NDA") shall constitute the complete agreement between you and Cognizant, with respect to the terms and conditions of your employment.

Any representations, promises or agreements, whether written or oral, that are not expressly written in this letter or are contrary to or conflict with this letter, which may have been made to you by any person in Cognizant, are expressly replaced by this letter. The terms and conditions of your employment pursuant to this letter may not be changed except as otherwise expressly specified in this letter and/or in the NDA.

CTS Host Assignment Compensation and Benefits

In addition to the Host Contract, **Annexure 2** provides you with further details on the Host Country terms related to your Assignment.

Governing Law

The terms of this Assignment Letter are subject to Host Country law. If you have any questions regarding the Assignment, either now, or during the term of the Assignment, please feel free to contact your HR Business Partner.

Please countersign this Assignment Letter to confirm your agreement with its terms. You should retain one copy for your records and return the countersigned copy.

Yours Sincerely,

Shivshankar Sundaram

Senior Director – Human Resources

Cognizant Technology Solutions Canada Inc.

I confirm that I understand and agree with the terms of this Assignment Letter and Annexure 2 attached hereto.

Associate ID	
Associate Name	
Associate Signature	
Date	

Annexure 2

CTS Host Assignment Compensation and Benefits

Salary

Base salary	123600
COLA	3600
Special allowance	0
HPG allowance	0.0000
Target bonus	0.0000
Performance pay	0
TOTAL GROSS SALARY	127200

Notes:

Base Salary

In Canada, there are two pay group types relating to overtime eligibility. Each role is assigned a pay group and that pay group is classified as either Exempt (eligible for compensatory time but not overtime pay) OR Non-Exempt (eligible for overtime pay) in accordance with provincial employment standards legislations and applicable wage law and your assigned Cognizant Career Architecture (CCA) role or HCM Job Code if CCA is not assigned.

While your status regarding overtime eligibility might change in Canada, it is important to note that this will, in no way, change the recognition of the value of your work or your importance to Cognizant. Similarly, any potential pay group change has nothing to do with your performance or contributions, and no other terms or conditions of employment (including those contained in this Assignment letter) will be impacted by the pay group classification.

As an Exempt associate, you will be paid CAD per pay period, which is equivalent to an annual base salary of CAD **123600**. In accordance with the CTS Host's current Exempt payroll policies, you will receive payment semi-monthly i.e., on the 15th and last working day of each month.

Exempt associates may take compensatory time off ("Comp Time" or "time in lieu") for any hours worked over 40 (as pre-approved by their assignment manager) in a workweek in accordance with any applicable provincial employment standards legislation. For further details on Exempt timesheets and related compliance, please refer to the **Canada Associate Handbook - Hours, Schedule Of Work And Wages** section on the [Canada \(sharepoint.com\)](#) site.

You acknowledge and agree that the specifics of your duties, role, and/or work location may change depending on the project you are assigned from time to time. Accordingly, among other things, your status as eligible or ineligible for overtime pay in accordance with applicable employment standards legislation and company policies, may also change. You will be advised of any changes to your eligibility, as applicable.

Cost of Labor Adjustment (COLA)

You will be paid a geographically based COLA of CAD per pay period. In accordance with the CTS Host's payroll policies, you will receive your COLA along with your regular base salary per pay period.

For payroll, immigration, and other compliances, ensure that your physical work and project locations in both HCM and ESA are current and mirror one another.

If your work location changes (city or province), please notify [Global Mobility Operations](#) for necessary due diligence. Your COLA will be adjusted as applicable, effective on the first work of day in your new location.

COLA is subject to regular review and may be increased, decreased, removed, or replaced by another compensation component, pursuant to Company policies or otherwise at the CTS Host's sole discretion.

Special Allowance

-

Special allowance shall be payable in 26 pay periods to meet any wage requirement as described in the work permit application approved by appropriate Host Country authorities. CTS Host will discontinue this allowance once the total compensation meets or exceeds the applicable wage requirement.

Target Bonus

You will also be eligible for a target bonus of CAD **0.0000**, which is discretionary, subject to change, and based on individual and Company performance. The amount stated above is at 100% payout. However, the actual payout may vary as per performance. Any bonus which may be paid is entirely at the discretion of the Company, does not accrue, and is only earned and payable if you are actively employed with the Company on the date that it is provided to you by the Company. Active employment does not include any period of notice that arises upon termination of employment, whether by contract, common law or otherwise, except where employment standards legislation requires otherwise.

For example, except as otherwise strictly required by employment standards legislation, if your employment is terminated, with or without cause on the day before the day on which a bonus would otherwise have been paid, you hereby waive any claim to that bonus or any portion thereof. If your employment is terminated without cause, and a bonus would ordinarily be paid after the expiration of the statutory notice period, you hereby waive any claim to that bonus or any portion thereof. You also hereby waive any claim to constructive dismissal because a bonus is not paid, is less than was previously paid, or is less than is paid to another employee.

Performance Pay

Eligible associates may receive Performance Pay, a non-recurring reward that provides recognition of prior year's performance. Performance Pay is discretionary, subject to executive management approval, and will vary from year to year. This performance incentive is derived because of both Company and individual performance. Subject to the express minimum requirements of applicable employment standards legislation, associates must be active on the Company's payroll at the time of pay out to earn and receive Performance Pay.

HPG Allowance

You will be paid an allowance of CAD 0 per day during your project allocation with Healthcare Products Group, which is an annualized amount of CAD 0.

In the event of change of your business unit, there will be an adjustment to HPG allowance effective the first day of the quarter following your allocation to the new business unit. HPG allowance is subject to regular review and may be increased or decreased or replaced by another compensation component upon certain promotions.

Payroll

The fixed pay in the Host Country will be paid in 24 pay cycles. All components of your compensation will be subject to applicable deductions and withholdings as required by law or other deductions as authorized by you.

The pay cycle is semi-monthly i.e., paid on the 15th and the last day of the month in accordance with the Company's current payroll policies and practices for Exempt associates. Should either of those days fall on a weekend or a public holiday, the salary will be credited on the preceding business day.

Please refer BeCognizant - [Canada \(sharepoint.com\)](#) for details on payroll cut off dates, payroll schedule, etc.

ADP Canada is our payroll partner. Pay stubs and tax forms can be accessed via One Cognizant – NAPayroll.

Timesheets

During your assignment at CTS Host, please submit your timesheets in ESA every Friday and update leaves, if availed, in accordance with Company policy.

Benefits

You and your eligible dependents in the Host Country will be offered any CTS Host's benefits plan which is offered to similarly situated associates in the Host Country. The Company may review and alter the benefits, policies, and practices at its discretion.

You can also explore the BeCognizant - [Canada \(sharepoint.com\)](#) for highlights of the benefits plan, key updates and also attend the self-guided [Benefits Orientation](#).

Working Hours

The normal workweek for associates working at Cognizant offices in the Host Country is Monday through Friday, falling between baseline hours of 8:00 AM to 6:00 PM as set by the client or local office, with a break for lunch. Associates are expected to complete at least eight hours daily over a five-day workweek, resulting in a 40-hour workweek. An associate's specific workday and workweek may be altered at the discretion of their Home

Manager and Business Manager with reasonable notice.

Vacation Leaves

Vacation time and pay will be accrued and paid in accordance with CTS Host's vacation policy and in compliance with applicable Provincial employment standards legislation. You are eligible to accrue vacation, which is in addition to time off for statutory holidays. Your annual vacation eligibility is based on the Cognizant Global tenure and grade, pro-rated for the current year based on your start date with Host Country. Please refer to the **Canada Associate Handbook** on the [Canada \(sharepoint.com\)](https://sharepoint.com) site for details on the vacation and carry over policy. The scheduling of vacation will be based on the business and operational requirements of the Company.

Sick Days

You are eligible for seven (7) paid sick days in a calendar year due to personal illness or an immediate family member, which are inclusive of and shall apply towards any entitlement to statutory leaves of absence under applicable provincial employment standards legislation whenever possible.

Paid Holidays

CTS Host's holiday schedule provides for ten (10) paid holidays, but does vary by province, in compliance with the applicable employment legislation.

It is essential to know whether you will follow the CTS Host's or client's holiday schedule. Associates who work from a client office in Canada or support a client from a CTS Host office (including remote support from Canada) will follow the client's Canada holiday schedule unless otherwise informed by their Home Manager or Business Manager that the CTS Host's or client's US holiday schedule is applicable.

If the client's Canada or US holiday schedule has fewer holidays than that provided by the CTS Host, then the CTS Host's holiday schedule would apply. At any given time, associates can follow only one holiday schedule.

You acknowledge and agree that if you are assigned to work at a client location or are otherwise assigned to support a specific client, you may be required to follow the client's holiday schedule. You further acknowledge and agree that the client's holiday schedule may differ from the holidays scheduled under the applicable employment or labour standards legislation in your province of employment ("Public Holidays"). You also acknowledge that this agreement constitutes your written consent to work on Public Holidays, where required by the Company, and to receive a substitute day off with pay or such other entitlement as may be prescribed by applicable employment or labour standards legislation. You agree that you will sign any documentation required by the Company to give effect to this provision, subject to applicable employment or labour standards legislation. For certainty, in no case will you receive less than your minimum statutory holiday entitlements under applicable employment or labour standards legislation.

Relocation Support

Kindly refer to the [International Relocation Policy](#) on Be.Cognizant for the relocation support extended to assignees and your immediate dependents.

Income Tax/Social Security

CTS Host will deduct appropriate taxes and social security through the payroll on the Assignment income alone, to the extent required by law. You are responsible for filing your tax returns in the Host Country pursuant to the local regulations.

Amendment

All the above terms are as per our current policies and practices or contracts of insurance and may be amended from time to time. While employed by the Host Country, you will continue to be governed by all other service conditions and rules of the Company as framed from time to time.

Contact Details

Throughout your Assignment, you are responsible for ensuring that your personal contact details (residential address, telephone number and emergency contact) are up to date. You can access and update your personal contact details via the portal on One Cognizant.

On-Boarding Guidelines

Closer to your travel date, you will receive a welcome email outlining key on-boarding steps.

You will find helpful resources and information, e.g., Canada Associate Handbook, Canada Holiday schedule, Canada Benefits key HR updates on BeCognizant - [Canada \(sharepoint.com\)](https://sharepoint.com).

We also urge you to take some time to visit our Viva Engage group [Cognizant Canada - Official Group](#) & [Cognizant Canada\(Halifax\) - Official Group](#). It's a great networking platform for associates to connect, support each other and share experiences.
